

Alderete Pools

FAMILY-OWNED BUSINESS
THREE GENERATIONS

Alderete Pools is a three generation, family owned business with an unsurpassable track record with numerous awards for its outstanding achievement in custom pool designs, construction, and customer service.

For over 30 years Alderete Pools has specialized in custom pool and spa designs. They can envision and build an extravagant backyard oasis for entertaining large parties to the simple retreat for families and friends. Regardless the size, they maintain their drive for excellence in pool design, construction, and installations all while providing the highest customer service in the Industry.

Alderete Pools, inc. provides a complete range of professional services from consultation and design, through the completion of construction. Our pools/spas feature the latest state of the art construction techniques.

We feature an advanced in-floor deep heating pool circulation system, custom tailored for each pool, to maximize circulation and improve your overall swimming environment. Additional features offered are the revolutionary pebble and glass bead pool finishes, ozone water purification systems, and in home automated control systems. These control systems can be used with the Apple iPad, iPhone, or iPod touch to control all key functions of your pool/spa and can be used from anywhere around the globe.

They carefully work with each designer/ architect and client to ensure that each pool and yard concept meets all of the requirements in a professional and cohesive manner. The team at Alderete Pools Inc. has built a reputation that is second to none in the swimming pool/ spa industry. Each pool and spa is personally supervised to ensure the utmost in quality and craftsmanship.

"Custom tailored luxurious designs with award winning results have been our specialty for over 30 years."
